

Jenny Sinclair (pictured) spoke at our 'Common Good building' tea on 28th September and preached at St Peter's the following morning at 10am.

The trust, 'Together for the Common Good (T4CG)', significantly resourced our conference on homelessness at BU's Business Executive Centre on 24th April. The Rector represented us and told the story of our collaboration with local authorities, police, NHS and a wide range of churches, our Reform Synagogue, and other voluntary agencies, at the T4CG annual meeting at CCLA HQ in London on 14th October.

We have very successfully 'road tested' the 'common good builder' for T4CG, linked to DTh research at Winchester University.
